Nil	All OCC Operating Staff (OCC Manager, OCC Supervisor, Train Controller, Yard Controller, Information Controller, Engineering & Fault Controller, Security Controller)	Nil
Tools and equipment required		
Nil		

Warning

All Log entries must be completed before the completion of each shift.

OCC Controller Log Entries

All OCC Controllers

OCC Controller on duty must record all essential operational events that took place during his/her shift on the controller log. The events must include, where applicable to their duties, but are not limited to:

- Occurrences of incidents, emergencies, irregularities, and essential operational events (with date/time and details of the event, train, subsystem/assembly/apparatus failures or involvements)
- Operational restrictions such as train removal, restricted speed imposed, etc.
- Changes to transportation arrangement such as alterations to Working Timetable, train, and bus services
- Engineering/Track possessions in effect (later surrendering)
- De-energized sections of track / third rail
- Traction power isolation
- Locations of untracked vehicles
- Special events engineering/maintenance work activities
- Special marketing promotions, travel, and ticketing arrangements
- Security measures, arrangements, and threat levels
- Issues and matters associated with contractors and concessionaires
- Special commercial operations or partnership working exercises
- Non-compliance with rules, procedures, or instructions
- Misconduct of staff, contractors, tenants, and members of the public
- Train service delays – reasons, impact on station operations
- Special events (e.g. police actions, visits by government officials/inspectors)
- Receipt of publications, documents, temporary notices, and instructions (including verbal instructions from senior officials)
- Disposal of obsolete publications, documents, or records
- Any events which could give rise to litigation or lawsuits against Honolulu Rail Transit
- Any non-routine activities (e.g. relief staff from another station reporting for duty at the station for sickness cover)
- Any other abnormalities/irregularities

OCC Controller Log may be used for investigation purposes; thus, all entries must be a true and correct account of the actual event that has taken place.

Note

All OCC Controller Log entries must be written in clear and plain English with a concise description of the events that have taken place in the OCC or on the mainline / yard areas. For a hand-written log, the time of log entries is essential and must be recorded.
