Note

Mobility Impaired Customers or Passengers with Special Needs would be defined as persons confined to wheelchairs or mobility scooters, elderly, injured or heavily pregnant. Parents or custodians of small children may also fit into this category and may require assistance. Others such as visually, mentally and hearing impaired may fall into this category and staff are to continually observe the station environment for persons finding it difficult to use the facilities on their own.

Typical Mobility Scooter and Wheelchairs

Typical Mobility Scooter and Wheelchairs

Warning

For safety reasons Wheelchair and Mobility Scooters are not permitted on Escalators

Elevators Failure

Passengers in wheelchairs should be directed to Elevators to enter and exit the platform areas

Work Instruction - Operations	
DEALING WITH SPECIAL NEEDS PASSENGERS (MOBILITY IMPAIRED CUSTOMERS)	

Station Attendant <i>(other stations)</i>	Display notices near the station elevator (at street level only) advising wheelchair users that: <ul style="list-style-type: none"> • The elevator at the affected station is temporarily out of service • If they intend to go to the affected station, they will have to use other modes of transport • Contact details of where and whom to contact to arrange alternate transport • Deploy station staff in the unpaid areas and ask wheel-chaired passengers which station they intend to go. • If their destination station is the station where elevator service is unavailable, check with them if they can use the staircase at their destination station. • If the passenger is unable or unwilling to walk, advise the passenger to use other modes of transport or suggest the use of an adjacent Station • If these options are unacceptable arrangements should be made to provide the customer with alternate transport.
	Staff are required to make a notation of any assistance provided in the station logbook

Other Mobile (Special Needs) Customers	Passengers with special needs will be identified by staff in the station environment. These passengers may be mobility impaired, elderly, injured or heavily pregnant. Parents or custodians of small children may also fit into this category.
Station Attendant	Within station areas, Station Attendants will: <ul style="list-style-type: none"> • Regularly check pick-up and drop-off points at stations to ensure access is clear • Regularly check platforms for the arrival of Passengers with special needs • Ensure intercom systems are functional • Use appropriate and informative language • Be proactive and helpful to ensure smooth and efficient journey • Provide assistance to board and alight the train, as necessary • Be observant of special needs passengers to provide special assistance in the event of an incident or emergency
	<div style="display: flex; align-items: center;">  <div> <p>Warning</p> <p><i>In the event someone requires assistance, help should be sort from other staff members if required to ensure the stability of the customer</i></p> </div> </div> <p>Staff should maintain their balance always and employ the correct Manual Handling techniques</p>

Additional controls
<i>Employ the services of the Police or Security Guards if other staff members are not readily available to assist</i>
